

EASY AND SAFE FOLIAR APPLICATION

ABC FOLIAGE

Customized mix for lush green growth and healthy leaves

SAFE FOR PEOPLE, PETS, BIRDS AND POLLINATORS

ABC foliage contains balanced composition of N, P, K and other microelements and nanoelements for enhanced photosynthesis and green leaves growth. It provides plants with all nutrients in a highly bioavailable form resulting in bright, large green leaves with no yellow tips or brown spots on the surface. Leaves will grow bigger and faster and the plant appearance will improve significantly. ABC foliage is absolutely safe for indoor use and allows us to maintain our plants in safe and sustainable manner.
