NOW ECOFRIENDLY & EFFICIENT PROTECTION

ABC PROTECTION

Protection against fungus and pests

EASY APPLICATION- FOLIAR SPRAY ONCE A WEEK. SAFE FOR BIRDS, BEES AND HUMANS.

- ABC protection is a novel, innovative, organic, mineral based plant protection

-Contains unique minerals, which nourish the plant but repel pests and kill fungi, bacteria even viruses -Effective as preventive agent when used regularly -Safe for birds, bees, pets and humans

-Protects and prevents without harming the biodiversity -Liquid foliar spray, makes the plant surface "too salty" for pests and pathogens

-It doesn't accumulate in soil, water or in plant tissues, thus making it an ideal choice especially for edible plants
